This letter is to notify you that the Batesville Area Radio Club has revoked your Club Membership.

It is because you have violated Club Bylaws, disrupted meetings and most importantly caused irreparable harm to the Club and its members. Members have quit the club as a direct result of your actions. Because of those actions, others have vowed to follow.

Considering your actions along with your letter of disenchantment with the club the membership moved to terminate your membership. This measure passed by more than a two-thirds majority vote.

Because you have been peaceful on the repeaters and social media, you may continue using the BARC repeaters and Social Media Platforms just as long as you continue to be corrigible and refrain from insults, personal attacks or inappropriate behavior against the Club and its Members.

The Batesville Area Radio Club may not be suitable for you. We thank you for your time and efforts. We sincerely wish you happiness and hope that you will find a club that better suits you.

Please be peaceful and do not to attend any club meetings.

Thank You,

Larry Babb W5PLB, President  
Kevin Wallace KD5DZO, Vice President
